

Mini-Prayer Retreat

Have you ever wanted more discernment about what God is saying and doing in your life? Have you ever felt like your prayer life is stuck in a rut? Come discover fresh and fun ways to connect with God and invigorate your prayer life at our upcoming mini-prayer retreat.

"SENSING GOD: Encountering God Through All Five Senses"

The smell of a perfectly grilled steak...The sight of a shooting star...The taste of double-fudge ice cream...The sound of crashing waves...The feel of velvety soft leather...What do all these things have in common? They can all lead us into a closer relationship with God! Our God – who created the sound of children laughing and the smell of hot buttered popcorn –invites us to draw near to Him through the use of our senses.

Join us for a truly unique experience with God as we “pray” with all five senses. With the Bible as our guide, we’ll explore how God speaks to us through our senses and invites us to respond. These creative prayer practices will help you come alive to God’s presence in your life, and reignite your relationship with Him. If you’ve ever wished for a deeper connection with God, then this mini-prayer retreat is just for you!
